OUR COMMITMENT TO EDUCATOR PREPARATION

- 1880 – First Aggie Teacher is working in Texas schools.
- 1913 - Teacher preparation officially begins at Texas A&M with the first teaching certificate course.
- 1954 - The Texas A&M Council on Teacher Education forms. Its mission is to guide the four departments tasked with preparing teachers: Agricultural Education; Education and Psychology; Industrial Education; and Health and Physical Education.
- 1969 - The Coordinating Board and the Texas A&M University System approves the College of Education. Frank Hubert is selected as Dean.
- 1983 - The college begins the Math/Science Scholar Loan Program to recruit secondary mathematics and/or science teaching careers upon graduation.
- 2019 – A network of connected programs at A&M help produce the most math and science teachers in Texas every year.
New: Assistant Dean of Educator Prep and School Partnerships, Valerie Hill-Jackson

Certifications Office

Advisors

Field Placement Officers

25 Secondary programs, a.k.a aggieTEACH, across 7 Colleges at TAMU-CS and TAMU-G

15 Teacher and Non-Teacher certifications across 4 Departments in CEHD: TLAC, EPSY, Health & Kinesiology, and EAHRD

Council for Educator Preparation Programs (CEPP): University faculty and staff; business; community members

Certification: certification.tamu.edu
School Partnerships: goodneighbors.tamu.edu
PREPARING SCHOOL LEADERS

- 1908 – The Administrative Leadership Institute begins as the “June Conference” where county superintendents, supervisors and city superintendents discuss topics related to education

- 1957 – The State Board of Education officially approves superintendent and principal preparation programs at Texas A&M

- 1961 – The Doctor of Education program is approved in Industrial Education; the first Doctor of Education degree in the State of Texas

- 1975 - The College is recognized as a member of the University Council for Educational Administration.

- 1984 - The Principals’ Center (now called the Education Leadership Research Center) begins as a way to support Texas elementary and secondary school principals through training, assistance, and research.

- 2019 – Summer Leadership Academy trains 590 principals with grant support from the U.S. Department of Education
THE EVOLUTION OF PHYSICAL EDUCATION

- 1924 – The Department of Physical Education is established
- 1944 – Four hours of Physical Education is required for all cadets in preparation for World War II service
- 1958 – Physical Education expands to include Health Education.
- 1972 - The Human Performance Laboratory is created to provide physical education majors with opportunities to study the physiological, neurological, psychological, biomedical aspects of human motion
- 1980 - The Department of Health and Physical Education accepts responsibility for operating the Fred A. Lennon Youth Camp. Which serves underprivileged youth and provides faculty and students practical experience with children from disadvantaged backgrounds.
- 2010 - The Athletic Training program is established
- 2019 – HLKN is one of the largest departments on campus with robust undergraduate and graduate programs
We met our goal to be within 2 percent of last year’s enrollment; results in a flat budget based on undergraduate enrollment.

Financial Opportunities for Growth

1. Distance Education online in which funds are distributed directly to the colleges.
2. Taking advantage of the Provost’s Faculty Investment program that focuses on cross-college or diverse faculty hires
3. ACES Fellow program – designed to recruit and support young minority faculty
4. Increased research activity
A FOCUS ON DIVERSITY IS PART OF OUR DNA

- 1963 - Women are admitted to the university, many to complete coursework for teacher certification

- 1977 - The Texas Education Agency approves a Special Education program in the Department of Educational Psychology.

- 1983 - Grace Chisolm, a faculty member in Educational Administration, is the first black woman to become a full professor at Texas A&M University. She also works on university-wide policies on equality.

- 1992 - The college establishes the Office of Minority Student Services to recruit and retain underrepresented minorities in the teaching profession.

- 1995 - The Learning to Teach in Inner City Schools program is established thanks to funding by the Houston Endowment, Inc.

- 2019 - Organizational Development and Diversity Initiatives (ODDI) office has new leaders and exciting ongoing work
Office of Organization Development and Diversity Initiatives (ODDI)

Dr. John N. Singer
Associate Dean for Diversity and Inclusion

Patrice French
Program Manager

Dr. Shevon I. Harvey
Faculty Leadership Fellow

Jaime R. Andres
Administrative Coordinator II
ENDOWMENTS ELEVATE OUR WORK

- 1981 – The Omar Smith Chair of Health and Physical Education is created; the first in the College

- 1999 - The College celebrates its 30th anniversary by unveiling a sculpture representing the impact teachers have in shaping and molding the lives of students

- 2002 – The Lohman Learning Communities are established with support from Carolyn and Tommie Lohman. Freshman take classes together, including an education course, to decide if teaching is the correct career choice for them.

- 2006 - The A&M One Spirit One Vision Campaign closes with CEHD receiving $21M in gifts including support from Dorothy and Artie McFerrin to open the Marilyn Kent Byrne Student Success Center which provides CEHD students with the tools and resources they need to be academically and personally successful

- 2019 – CEHD now has 13 endowed faculty chairs. The newest is the Hilliard Chair to be held by Tim Lightfoot and the Ruth Harrington Chair of Educational Leadership is now held by Christine Stanley.
TEXAS A&M LEAD BY EXAMPLE NATIONAL CAMPAIGN

- [http://leadbyexample.tamu.edu/](http://leadbyexample.tamu.edu/)
- Overall campus goal is $4.0 billion
- CEHD goal $33 million
  - Last campaign raised $20.7 million

Campaign ends 2020

Current Campaign Total
$37.5 million

Raised $5.9 mil in past 12 months (including private grants for research)
A FOCUS ON HIGH QUALITY FACULTY

- 1904 - a new faculty member, E. J. Kyle, calls for better training for agricultural and vocational teachers. Six years later, he becomes dean of the School of Agriculture and teaches Agricultural Education in 1911.

- 1950 - R. L. Barton develops the course “Visual Aids for Industrial Subjects”. This marks the beginning of technology use in instruction and paves the way for the educational technology program.

- 1973 - The college recruits its first School Psychology faculty member within the Department of Educational Psychology.

- 1987 - Patricia Larke and Donna Wiseman develop the Minority Mentorship Program where our students participate in a two-year mentoring program to help them meet the challenges of teaching in Texas’ diverse classrooms.

- 1993 – Dean Jane Stallings is selected as President of the American Educational Research Association

- 1995 - Robert Armstrong becomes the first of CEHD’s 6 Distinguished Professors.

RESEARCH MILESTONES

- 1956 – Summer institutes are held for junior high and high school science teachers on the A&M campus supported by the National Science Foundation.

- 1970 - The college establishes the Sea Grant Coastal Zone Problems Institute in conjunction with the Sea Grant Program to train the teachers to incorporate special coastal zone problems teaching units into their regular courses of science and social science.

- 1985 - Collaborating with the College of Science, the college establishes the Center for Mathematics and Science Education to support Texas public educators teaching K-16 science and mathematics.

- 1989 - The Board of Regents approves and establishes the Texas Center for Adult Literacy & Learning. Today, the center supports Texas’ adult literacy and family literacy learners.

- 1995 – The Center for Distance Learning Research is established. Partnering with GTE (now Verizon), the college begins an innovative venture into interactive telecommunications as part of the learning environment. This solidifies a nascent set of distance education efforts.
RESEARCH MILESTONES

- **2000** – CEHD surpasses the long-standing strategic goal of attaining $10,000,000 in research funding for one year. Total external funding for the year was $12.5 million.

- **2003** - The Board of Regents approves the creation of the Center for the Study of Health Disparities in the Department of Health and Kinesiology.

- **2005** - Texas A&M receives funding from the U.S. Department of Health and Human Services to establish the Center on Disability and Development (CDD), part of a national network. Around the same time, Camp LIFE is established as an inclusive camping opportunity for children with disabilities.

- **2013** – CEHD surpasses $20 million in research funding for one year.

- **2017** – The Inaugural Voices of Impact is held where faculty use TED talks to bring the importance of their research to the community.

- **2018** – CEHD surpasses $40 million in research funding in one year.
